CAREER OBJECTIVE

Computer Science and Engineering graduate with hands-on experience in Python Full Stack Development, including Python, Django, MySQL, HTML, CSS, JavaScript, and React.js. Experienced in building responsive web applications, database-driven systems, and REST APIs through academic projects and internship training. Seeking an entry-level Software Developer or Python Full Stack Developer role where I can contribute to real-world projects, enhance my technical skills, and grow as a software professional.

TECHNICAL SKILLS

- Languages: Python, JavaScript, SQL
- Frontend: HTML5, CSS3, React.js, Bootstrap
- Backend: Django, Flask, REST APIs
- Database: MySQL (CRUD Operations, Joins, Subqueries)
- Tools: Git, GitHub, VS Code
- Concepts: OOP, Full Stack Development, Debugging, Exception Handling

INTERNSHIP EXPERIENCE

Full Stack Development Intern – Besant Technologies

Jan 2026 – June 2026

- Developed responsive web applications using HTML, CSS, JavaScript, React.js, Python, Django, and MySQL.
- Implemented CRUD operations and database integration for dynamic applications.
- Worked with REST APIs and backend development concepts.
- Used Git and GitHub for version control and project management.
- Participated in debugging, testing, and application deployment activities.

PROJECTS

Vehicle Management System (Python & MySQL)

- Developed a Vehicle Management System using Python and MySQL to manage vehicle records and customer information.
- Implemented CRUD functionality for efficient data management.
- Designed relational database tables for secure data storage and retrieval.

FraudShield – Fraud Detection & Awareness System

- Developed a web-based fraud detection and awareness platform using Python, Django, MySQL, HTML, CSS, JavaScript, and React.js.
- Designed a responsive user interface for fraud awareness and reporting.
- Enabled users to report suspicious activities and track fraud cases.
- Built a risk analysis module and integrated CRUD operations with MySQL.
- Developed REST APIs for communication between frontend and backend.

EDUCATION:

B.E. Computer Science and Engineering,

PSN Institute of Technology and Science, Tirunelveli.

(2022–2026)

CGPA - 8.33

CERTIFICATIONS

- E-Commerce Website Development Workshop – CADD Expert
- Generative AI – Technovation
